Listening

A TV journalist is at a shopping centre. He wants to ask people some questions about their free time activities. Listen to what two people say and circle the activities they talk about.

| | |
|------------------------------|---------------------------|
| making a cake | going shopping |
| doing homework | going out with my friends |
| taking the bus | playing the guitar |
| cleaning the house | taking the train |
| spending time with my family | reading a good book |

Can you remember:

1. Which activities does the man talk about?
2. Which activities does the woman talk about?

Listen again and circle the words the speakers use to describe each activity.

1. going shopping: **love / like / don't like / hate / prefer**
2. taking the bus: **love / like / don't like / hate / prefer**
3. taking the train: **love / like / don't like / hate / prefer**
4. spending time with my family: **love / like / don't like / hate / prefer**
5. making cakes: **love / like / don't like / hate / prefer**
6. doing homework: **love / like / don't like / hate / prefer**

Language Point

Study the sentences below.

- What do you **like doing** at the weekend? I **love going shopping** for new clothes.
- Do you **like taking** the bus? No, I don't. I **really hate** it - it's very slow. I **prefer taking** the train but it's very expensive.
- I'm a student so I have homework. But I **don't like doing homework**.

We use **love / like / doesn't or don't like / hate** to talk about how we feel about doing something.

We use **prefer** to say we like one thing more than another thing.

Choose the right phrase to complete the rules:

After *love/like/hate/prefer* we use the **-ing form / the infinitive of a verb**.

When we make short yes/no answers, we say "**Yes, I like**" or "**No, I don't like**" / "**Yes, I do**" or "**No, I don't**".

We use the adverb **really** to show strong feelings. This word comes **before / after** the main verb.

Make *-ing* forms

| infinitive | verb + <i>-ing</i> | spelling rule |
|--------------|---|--|
| work / spend | I like working. / She doesn't like spending time with her family. | verb + <i>-ing</i> |
| make / take | We love making cakes. / They don't like taking the bus. | verbs ending in <i>-e</i> , remove the final <i>-e</i> and add <i>-ing</i> |
| travel | You love travelling. | one vowel + one consonant → double consonant + <i>-ing</i> |

5 Speaking

You are going to interview a partner. Ask your partner how they feel about the activities on the list and record their answers on the table using this key: ++ love / + like / - don't like / - - hate. Use really (!) to show a strong feeling and record what your partner prefers, if you can.

Example: Ana, do you like taking the bus? I like taking the bus but I really prefer walking.

| | 1 go shopping | 2 read books | 3 spend time with family | 4 do homework | 5 take bus |
|--|---------------|--------------|--------------------------|---------------|------------|

| My partner's name: | | | | | |
| My new partner told me about: | | | | | |
| Example: My new partner told me about: Marco | ++ | -! | + | -- | - |

Share the information from the table with a new partner. Ask and answer questions in pairs and record the new information.
